

## COLLABORATIVE WORKS

SI No	Department	Student Name	Year	Name of the procedure done in the research Lab	Topic
1.	Prosthodontics	Dr Anamika Anil	2022-25	ELISA	Comparative assessment of anti microbial and anti inflammatory effect of chlorhexidine and sodium perborate based oxidant oral form on dental hygiene protocol in a complete denture wearer
2.	Periodontics	Dr Anju Paul	2022-25	ELISA	Effect of non surgical periodontal therapy on salivary interleukin 34 levels in stage II grade B periodontitis
3	Periodontics	Dr Vrinda R	2022-25	ELISA	Effect Of Non Surgical Periodontal Therapy On The Level Of Salivary Omentin -1 In Stage Ii Grade B Periodontitis
4.	Periodontics	Dr Arun Vishnu C	2021-24	ELISA	Comparative evaluation of cinnamon-based gel as an adjunct to scaling and root planing with scaling and root planning alone in treatment of chronic periodontitis
5	Periodontics	Dr Nayana Narayanan K	2021-24	ELISA	Comparative Evaluation of oxygen releasing gel as an adjunct to scaling and root planing with scaling and root planning alone in treatment of

					chronic periodontitis
6	Oral Pathology & Microbiology	Dr Amjitha Nizar	2021-24	ELISA	Evaluation Of C-C Chemokine Ligand 22, C-C Chemokine Receptor 4 In Saliva of Oral Lichen Planus and Healthy Controls Using Elisa.
7	Oral Pathology & Microbiology	Dr Arjun O	2021-24	ELISA	Evaluation of Salivary vimentin In Oral Erosive Lichen Planus, Oral Leukoplakia, Oral Squamous Cell Carcinoma and Healthy Subjects Using Elisa
8	Oral Pathology & Microbiology	Dr Manasa Mariyam Babu	2021-24	ELISA	Evaluation of Salivary Matrix Metalloproteinase -12 Levels in Patients with Oral Leukoplakia, Oral Squamous Cell Carcinoma Using Elisa
